FOR KENTUCKY—Fair Saturday.

Thirty Governors are attending the conference in Washington this week. Gov. Willson, of Kentucky, presided Tuesday.

The ice gorge that blocked the Ohio river near Hawesville broke Tuesday and the river is being lowered without serious damage below. The Government was preparing to use a ton of dynamite on the gorge.

The publication which appeared in the Hustler and was copied in other papers that a receiver had been asked for the Brasher Coal Co. was absolutely false. It was for the Hopkins Coal Co. that a receiver was asked. The Brasher Coal Co. is still operating its mines at Hillside in the same way that it has been doing since the property was purchased.

Dr. Chas. W. Stiles in the hookworm conference at Atlanta, said the hookworm found here has been traced to the west coast of Africa and was undoubtedly brought here by the negro. The disease flourishes in warm climates and 25 per cent. of the cotton mill employes have been found to be infected. In some communities 90 per cent. of the people are infected. More than 250 physicians are attending the conference.

Municipal ownership of the light and water business in Owensboro is so firmly fixed with the people of this city that they will never make a change. The owning of these things by the city has proved so satisfactory to the consumers of light and water that they will never stand for going back to private corporations or to any partnership of the city with one—Owensboro Inquirer.

The friends of Hon. LaVega Clements are perfecting an organization which means the getting out of a tremendous vote in Daviess county for Daviess county's candidate for the congressional nomination, and if the weather is fair on February 2, he is going to get a vote that will give him a victory. It looks good for Clements now, and the prospects are brightening every day.—Owensboro Inquirer.

Clarence Woods, former Mayor of Richmond, is out in a card stating that he will refuse to support the Democratic candidate for Governor next year if he is not in perfect sympathy with a county unit law. The Democratic party split once on that rock while it was under water. Sensible parties like sensible men, seldom make the same mistake twice. The one chance the Democrats have of redeeming Ky. is to fight shy of all questions that have no place in the Democratic platform and to write a platform for the men who run. We have had enough of unwise politicians making their own platforms and claiming to represent the party.

FIRST COURT

Of New Circuit Judge Will Begin Monday.

Judge J. T. Hanbery will open court at Cadiz Monday, which will be his first service on the circuit bench. The Cadiz Record says Jailor Marlow has been giving the court house a few special touches during the past week getting ready for circuit court, when it meets.

\$100 REWARD \$100.

Readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages. That is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

EDITOR GIVENS' ATTACK ON CONGRESSMAN STANLEY.

The opponents of Congressman Stanley are trying to defeat him for reelection on the ground that the Tobacco Amendment which he so skillfully passed, doesn't amount to anything.

Suppose we grant for the sake of argument that the Tobacco Amendment doesn't amount to anything.

Suppose we grant that it will never confer a single solitary cent of benefit on the tobacco growers and that the Amendment is utterly silly and useless.

If this were all true would it be anything against Mr. Stanley?

Isn't this the point?

THAT THE TOBACCO GROWERS ASKED FOR THE TOBACCO TAX AMENDMENT AND STANLEY GOT IT.

That tobacco growers all over Kentucky said that they wanted the Tobacco Amendment.

That the Dark Tobacco Protective Association said they wanted the Amendment.

That Joel Fort took witnesses to Washington and paid their expenses to make sure that they got the tobacco amendment.

That Sec. Banks, T. T. Barnett and other authorities of our own tobacco Association said the amendment was a good thing and they wanted it.

That the tobacco trust and the enemies of the farmer fought it for years.

That Editor Givens said it was a good thing and upheld Stanley's hands in fighting for it until he became CANDIDATE Givens.

And even though they were all mistaken, in the face of this enormous demand for the amendment, what else was there for the Congressman to do but to try and get it.

AND HE DID GET IT.

And the fact that he worked it against an overwhelming majority is all the more to his credit.

And the fact that he skillfully forced the amendment into the Payne Aldrich Tariff Bill, which was bound to pass, is but another evidence of ability.

He secured the Tobacco Amendment because his district wanted it and whether it is of any value at all or whether it will be of immense benefit—does it make any difference?

Any more than it makes any difference whether the Henderson dam will be of any benefit?

The people—who are supreme—tell the Congressman what they want and so far he has shown his ability to get what they ask for.—Henderson Journal.

THE BOUDOIR OF

A FAT WOMAN.

What do we see? Terrifically long and austere looking corsets; tiny (as possible) shoes, uppers bulging over the vamps; various restrainers, retainers, detainers (names unknown); perspiration disinfectants; blackhead eradicators; pimple specifics; blood medicine. Strewed around a few candy boxes; maybe an exercise on the wall. The "properties" signify that at various times this pleasant room is the scene of fashionable torture, heart-burnings, of falling from grace. Here the poor lady gasps into her retainers, her harness. Here she hides her fat-caused pimples, perspiration, blackheads; here, when her spirit is weak, she forsakes the exerciser for the deadly candy box. What a life—what a four-flush!

Avoidable! A Marmola Prescription Tablet, taken after each meal and at bedtime, will reduce that fat (a pound a day) down to the firm flesh beneath; banish the fat caused blemishes; give a license to eat all the candy, etc., craved, and sleep as long as one desires. Investigate; tender seventy-five cents to your druggist for a large case, or write the Marmola Co., 918 Farmers Bldg., Detroit, Mich. Do not be timid—Marmola Tablets are safe—being made strictly in accordance with the famous, fashionable formula: 1/2 oz. Marmola, 1/2 oz. Fl. Ex. Cascara Aromatic, 3/4 oz. Peppermint Water; consequently, go ahead—without fear. A month will emancipate you.

FAIRVIEW NOTES.

Important News Happening
Reported By Our Local
Correspondent.

Fairview, Ky., Jan. 21.—Not having seen anything in the Kentuckian from this place, I shall try to write a few notes. I am not much of a writer; my appearance in public has been very limited, so hope this will not fall by the wayside, and perhaps I shall try again soon.

Miss Fay Shanklin and Mr. Bennie Carroll, a popular young couple of this section hid themselves at Clarksville Wednesday and were married. Miss Shanklin is a daughter of Mrs. Cora Shanklin, and is quite popular, while Mr. Carroll is the son of W. T. Carroll, of near Honey Grove, and a young of sterling worth. They have been sweethearts for several years, and to them we extend congratulations, and may all their life be as happy as now.

Mr. and Mrs. J. C. Layne spent Tuesday in Hopkinsville.

About two hundred loads of tobacco passed through here this week going to Hopkinsville.

The roads are in a very bad condition, caused from so much hauling being done over them. The mail carriers can hardly make their entire route on account of it. The Elkton carrier has to go horseback and then he is always late.

Rev. J. A. Bennett, of Utican, spent a few days here this week visiting old friends.

The community was shocked Sunday morning to hear of the sudden death of Mrs. Maria Allen, which occurred Saturday night. She was taken suddenly ill of apoplexy and died in a few hours. Mrs. Allen was seventy years old, and leaves two children, James and Miss Annie. She was a consecrated Christian, being a member of the Baptist church of this city. The funeral was preached by Rev. J. A. Bennett Monday morning, and the remains were interred in the cemetery at Elkton. We extend our sympathy to the bereaved ones in their hour of trouble.

Mrs. Eliza Hancock is very ill near the city.

Rev. W. M. Goodman preached at the Baptist church here last Sunday and will preach again next Sunday. He is a new pastor here and all are very much pleased with him. He is a very pleasant man.

Will Johnson and Seth Ferrell have opened up a restaurant with a barber shop in the rear.

It is reported that a livery stable will be opened up here in the near future. That is something this town needs.

The few days of pleasant weather have been very acceptable after so much of the other kind.

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Fitchville, Ohio.—"My daughter was all run down, suffered from pains in her side, head and limbs, and could walk but a short distance at a time. She came very near having nervous prostration, had begun to cough a good deal, and seemed melancholy by spells. She tried two doctors but got little help. Since taking Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills she has improved so much that she feels and looks like another girl."—Mrs. C. Cole, Fitchville, Ohio.

Irasburg, Vermont.—"I feel it my duty to say a few words in praise of your medicine. When I began taking it I had been very sick with kidney and bladder troubles and nervous prostration. I am now taking the sixth bottle of Lydia E. Pinkham's Vegetable Compound and find myself greatly improved. My friends who call to see me have noticed a great change."—Mrs. A. H. Sanborn, Irasburg, Vermont.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
